

The tablet that can replace your laptop

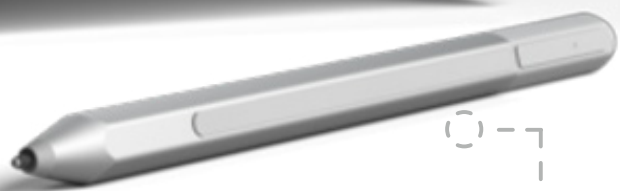

Microsoft Surface Pro 4 is an extremely thin Intel® Core™ laptop with a brilliant high-resolution touch screen, innovative click-in keyboard¹, excellent battery life, and it is built to run the software you rely on.

Microsoft Surface Pro 4

Docking Station click in to power and peripherals¹

Click Pen to bring up OneNote.
(Pen Included)

Confidently run
Office 365, AutoCAD,
QuickBooks¹ and more

Windows 10 enables a powerful, personalised experience

Surface Pro 4 makes your work life easier in incredible new ways. It runs Windows 10 and the desktop software you rely on. Advanced technology from Microsoft, such as Cortana², Windows Hello, and improved Surface Pen, puts you in control.

True versatility

Surface Pro 4 was designed to adapt to you. Work with touch and Surface Pen in tablet mode, or fold out the Type Cover¹ and integrated Kickstand when you need a laptop.

Exceptional performance

Surface Pro 4 features the latest 6th generation Intel Core processor and great battery life so you can get work done.

Trusted by organisations

Surface Pro 4 smoothly folds into your existing infrastructure and Windows 10 helps protect against modern security threats. IT can set up Surface like other PCs, by joining it to a domain, and managing it using tools already in place like Active Directory, SCCM, and Air Watch.

Backed by the best

Protect your Surface investment with Microsoft Complete for Business which extends your warranty, covers damage, and includes Advanced Exchange.

As an Authorised Device Reseller of Surface products, and a Microsoft Certified Partner, SCC is recognised for its expertise and contribution to developing and deploying Microsoft-based solutions. Their track record in meeting the needs of customers in deploying a wide range of Microsoft technologies across the solutions portfolio provides customers with the confidence to embark on business critical projects.
